COMMUTERS ARE READY FOR FIGHT

Organization Effected at Mass Meeting Held Last Night at W. C. C. Hall

STANSBURY CHAIRMAN

Counsel Will Be Employed to Resist Fare Boost by W.-Va., Ry., Co. Hearing September 19.

The Mount Vernon division Commuters' Association was organized at a mass meeting held last night in the War Camp Community Hall to protest against the proposed increase of rates which the Washington-Virginia Railway Company desires the Interstate Commerce Commission to put into operation.

Attending the meeting were several hundred commuters, both men and women.

An organization was effected with the election of officers, appointment of an executive committee of twelve and selection of the foregoing name.

The executive committee immediately following the general meeting held a conference and again will meet Monday night when further plans will be discussed including the employment of legal counsel to appear at the hearing before the Interstate Commerce Commission at the hearing set for Friday, September 19, at 10 a. m., in Washington.

At the conclusion of the meeting many of those attending the meeting became members of the association, signing the petition for membership.

The meeting was called to order by D. R. Stansbury and an organization was effected with the election of these officers; D. R. Stansbury, chairman; Taylor Burke, vice president; S. B Fowler, secretary.; Capt. William King, treasurer.

On motion an executive committee was named to handle the details. This committee was appointed by Chairman Stansbury and follows: Misses Margaret Germond, Miss Lucy Graves, Anna Vierkorn, and Messrs. Egbert Thompson, T. Harvey Hensshaw, R. C. Fitzgerald, Wilmer Waller, Robert A. Zachary, Edward F. Birrell, Ashby Bladen, J. Edward Shinn, Frank Creighton.

S. E. Hutton, of Falls Church, addressed the gathering, telling of what already had been done by the commuters on the Falls Church. Mr. Hutton read a report made to the Interstate Commerce Commission by the railway company giving the reasons they ask for an increase in rates.

During the five months ended in June the company it was stated in the report made operated with a deficit of about $20,000.

They also set forth that under the prevailing passenger rates it is impossible to meet dividends on preferred stocks without regards to common stock and that no increse in travel will meet the present deficit with the prevailing fares charged.

A recital was given of the work on the line to Camp Humphreys, a distance of about four miles.

The company's statement in the report that $175,000 had been spent for new cars caused considerable laughter from the commuters.

Mr. Hutton also stated that the company also asks permission to greatly increase its rates for hauling milk.

Mr. Justus, employed at the plant of the Virginia Shipbuilding Corporation, gave assurance that the men employed at that plant would aid the commuters in any possible way.

Within a short time another meeting of the commuters it is expected will be held and further plans discussed for combatting the proposed increase in fares.

As heretofore stated in these columns the company asks to be allowed to increase the price for a round trip between here and Washington frm 25 to 40 cents, and for a single trip from 15 to 25 cents. Other increases in all tickets also are asked.

Take notice—Don't forget to visit Wease's meat and vegetable market in east end of city market. I am at market Tuesdays, Thursdays and Saturdays. 212-3p.

Winchester, Va., Sept. 6.—Moved by the pathetic story from Chicago, telling of the supreme sacrifice of William F. Tanner, a railroad office clerk, in electing to be ground to pieces under a railroad train rather than leave his wife in peril, a large number of Winchester people have sent sustantial cash contributions to Chicago newspapers, requesting that the same be applied to start a fund for the relief of Tanner's three orphaned children.

L. M. Welaon, who suggested the fund here, has communicated with newspapers elsewhere, suggesting country wide "hero fund" for the Tanner orphans.

HUNG JURY IN THE HALL CASE

After Forty Minutes Announcement Is Made of Inability to Agree

REPORT AGAIN TODAY

Accused Takes The Stand and Claims He Fired Only in Self Defense—Big Crowd Present When Case Ends

Manassas, Va., Sept. 6.—After forty minutes' deliberation, the jury announces they were unable to reach a verdict in the case of W. C. Hall prohibition agent, on trial in connection with the fatal shooting of L. W. Hudson and R. C. Shackelford, alleged blockade whisky runners, near Winchester last March. The jury was excused until 10 a. m. today, when another effort will be made to reach a verdict. The jury was given the case at 6 p. m. yesterday, when adjournment was taken for dinner until 7 p. m. Forty minutes later the jury returned to the courtroom and announced their failure to agree. The small courtroom was packed with men and women during the day.

Hall took the stand yesterday and entered a plea of self defense. He claimed he was fired upon twice by Shackelford before he drew his weapon and fired into the car when he was being dragged in the front part by Hudson. He was struck over the head with a whisky bottle by Hudson, he declared, and then he fired another shot, which lodged in the seat between the two men, and two more shots which struck Hudson.

Hall denied that he had remarked he "would get even with Shackelford if it took twenty years," in response to a question by counsel for the prosecution.

Mrs. Shackelford was recalled to the stand by the prosecution and testified that her husband was not a professional "bottlegger," and that the trip which ended in his death was the first trip of its kind her husband had ever taken. She said he went to Baltimore because he was offered $350 to make the journey.

Patrick Flynn, constable of Chesterfield County, testified he had known Shackelford as a whisky runner, and that last February Shackelford had fired upon him when he accosted him as he passed through the county.

Loreen Holly, aged fifteen, of Danville, Va., testified she had gone with Shackelford on several "whisky trips"

John W. Carter, Commonwealth's attorney of Danville, testified that Hall bore a bad reputation among the lawless, but a good reputation among the law-abiding.

WILSON SPEAKS IN ST. LOUIS

Terms Opponents of Treaty Contemptible Quitters

SENATORS TO FOLLOW

Plan of Opposition to Deliver Addresses in Wake of President in Western Cities.

St. Louis, Mo., Sept. 6.—President Wilson yesterday left no doubt in the minds of his audience here that he means to obtain the ratification of the Peace treaty.

He made two addresses, both to capacity crowds, and to the first, in referring to the men in the Senate opposing the treaty, he said in cold and rise language:

"They are absolutely contemptible quitters if they don't see the game through."

By far this speech was not only the best of any he has delivered on his speech trip thus far, but the best in many respects that he has ever delivered on the league of nations. He got down to cases. He did not evade the issue in any of its aspects. He discussed Article 10, the Shantung settlement, nationalism versus internationalism, and all the other issues that have been raised by opponents of the league covenant, and if the judgment of the business men before whom he spoke is a safe index of how the sane and sober elements of Missouri are going to take what he said he got away with it. It was a strictly bipartisan, or non-partisan affair—purposely so arranged at the President's insistence—and Mr. Wilson had his audience with him.

He followed last night with a mass-meeting at the Coliseum, and there again he did not make the mistake of dodging the issues. He ran into the Irish issue here, in what is perhaps its best organized form and he made it perfectly plain that far from serving to keep Ireland in duress, Article 10, in his opinion, explicitly preserved the sacred right of revolution by recognizing the right of every nation to settle its own internal affairs. Mr. Wilson did not mention Ireland by name, but his audiences did not miss the point.

Wash., Sept. 6.—Senators opposed to the peace treaty settled upon plans last night to carry their reasons for opposing it to the people of the country. They will begin their tour with a mass meeting in the Auditorium, Chicago, next Wednesday night which will be addressed by Senators Johnson, of California, Borah and McCormick.

After the Chicago meeting the Senators will separate, Senator Johnson going to Indianapolis, for a meeting Thursday night, St. Louis, Friday night, and Kansas City, Saturday night. He will rejoin Senator Borah for a meeting probably in DesMoines Iowa, the following week, and then will go into Minnesota and thence to the Pacific Coast.

MEETING OF PROTESTERS

The War Camp Community Hall was filled last night with patrons of the Washington-Virginia Railway who had gatherd to make their public protest against the action of the company which has petitioned the Interstaae Commerce Commission to allow it to make substantial increases in the price of transportation over the road. Officers were elected and a fund raised to employ able counsel to combat the intended action of ahe company. Many women were in the audience and representatives of the gender were appointed on committees.

While some hold that women should eschew politics and be as Cornelia of old, the movement last night was in the intrest of the entire community, young and old, male and female, all of whom are anxious lest their expense in making necessary trips between Alexandria and Washington should be made needlessly more expensive than at present.

When the electric railway between Alexandria and the capital city was opened in 1896 this new mode of transportation was hailed with delight, as it filled a long-felt want It was, however, thought at first that the rate was excessive (15 cents for a single trip or 25 cents for the round trip, but, considering the convenience afforded, the patrons of the road queitly submitted. As time went on and the patronage of the road increased enormously, it was ever and anon suggested that the time had come when the fare should be reduced. Those compelled to travel solaced themselves with the dream that this would be done eventually But at present, when the trains are taxed to their fullest capacity by the demands upon them, the announcement is made that the price of tickets are about to be doubled.

The ferry service as well as the operation of steam trains between Alexandria and Washington vanished with the advent of the electric railway, and for many years the latter has necessarily enjoyed all the patronage of the traveling public.

There are, however, other modes of transportation. In these days of great eastern automobiles the traveling public have another mode beckoning to them, while the re-establishment of the ferry line would relieve the situation immediately. The slips at both end are intact and all that is wanted is a boat, and this can doubtless be procured.

SPEECH OF SENATOR WILLIAMS

The words of John Sharp Williams in the Senate on Thursday have attracted attention throughout the entire country. He took the bull by the horns as did the late Henry A Wise when Knownothingism was raging as a prairie fire and rioting in the larger cities were common occurrences. Sixty years ago this intrepid Virginian, with fire flashing from his eyes, attempted to deliver a speech on one of the streets of Washington in defiance of a veritable hostile mob. As soon as he opened his mouth catcalls, jeers and groans greeted him. It was impossible for him to speak. He stood, however, facing his fierce know-nothing enemies, and the only words he was able to utter were the following: "We've met the foe with his visor down." Wise's friends who had gathered to hear him speak left disappointed, realizing they had missed one of the most earnest efforts of their champion.

Senator Williams is of the same ilk. He was really speaking to the country at large, not a Washington audience. He stood in his place in the United States and spoke as his conscience suggested. He said many things we are forced to omit for lack of space. But this much we publish:

"I, for one, am tired of these combinations of interests, these instruments bent upon usurping our right to legislate. There is capital, on the one hand, with its lockouts, and there is labor, on the other, threatening to paralyze the nation with strikes if we do not heed its demands. I have just read the warning of certain labor leaders that if the Plumb plan is not adopted the whole transportation system of the country might break down, which means that tens of thousands of babies in such cities as New York, Chicago, Baltimore and St. Louis will perish for lack of milk; which means that the country will lie prostrate and that the American people will stagnate. Then I read that the private soldiers' union would strike to enforce its demands The workers on the ther hand and the soldiers on the other hand and the soldiers This is nothing more or less than Russian sovetism.

"But there is something in this country that does not exist in Russia. There is a bulwark here that will save America and which will defy every criminal conspiracy which this element or that may lend itself to for the undermining of the Government. And that bulwark is the great American middle class—that vast multitude of sane, brave men and women who now own and run this country and will continue to do so even if they have to fight to do it."

Referring particularly to the threatened uprising of the railroad employes, Senator Williams declared that if they should dare to abandon the country to the horrors of a great nation wide transportation strike they would soon find that the American people as a whole would man the railroads in their own way and run them, strike or no strike. He said:

"This could be done. Make no mistake about it. It could be done. There are tens of thousands of persons who could step in and take the places which had been deserted. It may have been true twenty years ago but it is not true now that the country must submit to such a thing. The old tyranny of expert labor over the country has gone glimmering."

ADVERTISING FOR LOST SHEEP

The marked falling off in church attendance in recent years is causing anxiety to the standbys who cast their eyes over the increasing number of empty pews Sunday after Sunday. The pastor of an Alexandria church recently referred to the fact that out of a membership of approximately five hundred, only about one-fifth of that number attended public services.

Forty years ago we attended services one Sunday night in one of our city churches. Every seat was occupied when the minister began his discourse. A revival was not on at the time, nor was anything outside the ordinary going on, and the services were conducted by the resident minister. It is not so now, and the preachers' voice reverberates around many vacant pews.

Advertising as one solution of the rural church problem in the Episcopal diocess of southern Virginia is a probability as a result of an unusual experiment being carried out in southern Ohio by Miss Elizabeth Matthews of Glendale. Miss Matthews is testing advertisements in several Ohio newspapers for "5,000 lost Episcopalians"

A VITAL ISSUE

Mr. Gompers is making a serious mistake in his effort to force the District of Columbia Commissioners to sanction the affiliation of the Washington policemen's union with the American Federation of Labor This issue goes to the very heart of all Government authority. If the police are to take orders from the Federation of Labr instead of the lawfully appointed representatives of the District, then the Federation becomes to that extent the government of the District It supersedes Congress, it supersedes the people by whom Congress has been elected.

There could be more dangerous or subversive principle than this It cannot be recognized, unless we are ready to abandon government by the people for government by labor unions. The District Commissioners and the representatives of every other community should set their faces like flint against this attempted usurpation of Government authority.—(Baltimore Sun.

CONDEMNED TO DIE

DRY ENFORCEMENT ACT

Senate Passes Measure Without Record Vote

Washington, Sept. 6.—The Prohibition Enforcement Bill was passed by the Senate yesterday without a record vote and virtually in the form it came from committee. The measure now goes to conference for discussion of amendments inserted in the House bill by the Senate.

The only material change made in the bill in the Senate was the additional amendment of the Liquor and Drug Prohibition Act for the Panama Canal Zone. This measure has not yet been acted on by the House.

An eleventh hour attempt by Senator Shields, Democrat, Tennessee, to render ineffective the whole secaion of the measure relating to enforcemnt of wartime prohibition failed, his own vote being the only one cast in favor of it. His amendment would have limited the operation of the wartime law to the six States in which demobilization camps are located.

As it passed the Senate and goes to conference, the bill defines as an intoxicant any beverage containing more than one half of per cent of alcohol. The Senate modified, however, some of the most rigid provisions of the House bill, including that affecting private stocks of alcoholic beverages held for personal use.

REDFIELD RESIGNS

William C. Redfield, resigned yesterday as Secretary of Commerce. It is reported that the President may request him to remain in office a few months longer.

The resignation was expected, as it has been rumored recently that that the Democratic nomination for the presidency held some allurement to Redfield. It has been customary for members of the Cabinet with presidential ambitions to resign a few months before entering the race.

A large section of the Democratic party, especially in the East, has been talking of a business man for the presidency. It is said Redfield fills the requirments.

Another political angle is that Tammany does not want to get behind William McAdoo, because of his close association with Mr. Wilson, and would gladly give Redfield the New York State delegation in the next Democratic National Convention.

CHARGED WITH MURDER

Negro Accused of Killing Merchant, Lynchburg Man is Sought.

Lynchburg, Va., Sept. 6.—Jordan Patrick, colored who is under indictment here for the murder of Richard Thomas, an Assyrian merchant, on August 23, has been brought here, having been caught by the police of Bluefield, W. Va., at Pounding Mills, Tazewell county, Virginia, on information supplied by the local police.

Patrick claims Thomas tried to kick him out of the latter's store, when he fired at him. Thomas' widow alleges this is not true. At the time of his arrest, Wednesday, the negro said he did not know his victim was dead, despite the fact that he died within a half hour after he was shot.

ALL WHO HAVE BAD NERVES AND ARE RUN DOWN SHOULD TAKE THIS WOMAN'S ADVICE

"I surely sympathize with those who suffer from nerves and a run-down system. I know from experience just what it means and because of what I suffered I believe that I owe it to others to tell how, at last, I found such great relief.

I was recommended to take Chasco-Vin, an old time nerve and body-building tonic, and it afforded me relief almost from the first dose, but I kept it up, taking it regularly. I am now on the third bottle and I surely feel my old self again.

In my opinion those who suffer with bad nerves and those who are run-down generally should lose no time in obtaining this wonderful tonic.

The Alexandria agency for the sale of Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

400,000 DIVORCES ASKED

Root Says He Is Opposed To Any Attempt To Bring About Justice By Statute

Boston, Mass., Sept. 6.—The establishment of "family courts" to meet the menace to the marriage relation presented by the divorce evil was recommended by Chief Justice Charles W. Hoffman of the Court of Domestic Relations at Cincinnati, Ohio, in an address Wednesday night before the American Institute of Criminal Law and Crimonology, in session here in connection with the annual meeting of the American Bar Association.

"Marriage as an institution is endangered in America today through the divorce evil, and the only way to save it is by the establishment of family courts, in which social evidence, as distinguishing from legal will be considered," Judge Hoffman said.

"There will be more than 400,000 divorce cases filed before the courts of the land this year, and something must be done to save our family life, the greatest civilizing force we have." he continued. "The family court should be an extension of the principle upon which juvenile courts are founded.

Elihu Root, former Secretary of State, speaking before the judicial section of the Bar Association, said he favored wiping out the "business of atempting to bring about justice by statute," and that he believed it best "to leave it to the judges to do justice."

"A few meager rules embodying the fundamental principles are all that is necessary," he added. "One of the great troubles with legislation today is that it does not permit the judges to do justice."

Young and inexperienced lawyers in the Legislatures who, "because they did not like the views of a certain justice or because a matter did not turn out the way they thought it should, proceed as soon as they get a chance in the Legislature to bring about the change they think ought to be made," were largely responsible for the condition, he thought.

"The real reason for criticism of the courts is not that the people have lost faith in the courts and confidence in our judges; but that they have come to where they want less and less to be bound by law.

STREET GUN BATTLE

Five Injured in Fight Following Discovery of Bandits' Lair

Kansas City, Mo., Sept. 6.—One policeman was dangerously wounded, another injured and three of their alleged assailants were wounded in a downtown street skirmish here early yesterday.

The officers, members of a newly created police squad to curb motor car thievery, were searching for the owners of car said to have contained rifles ammunition and a quantity of nitroglycerine. They had entered the dark hallway of an old building in the business district when the alleged bandits opened fire, and a running fight of several minutes' duration began.

Among property said to have been found by the police in the alleged bandit headquarters were Liberty Bonds worth $38,000.

BOY SHOT BY BROTHER

Children Find Revolver in Drawer; Youth May Die

Danville, Va., Sept. 6.—Elmore Dooley, 8 year old son of Mr. and Mrs. L. W. Dooley, was accidentally shot, perhaps fatally, by his brother Weldon, aged 5, yesterday, when the boys found a revolver while ransacking a chest of drawers.

The parents, in another part of the house, heard the report and found the elder boy living on the floor, shot through the abdomen. The youth was rushed to a hospital where little hopes are held out for his recovery.

Say Doctor, "My daughter has the sre eyes. Can you do anything for her?" The doctor said, "Well, yes, I guess I can." "Then Doctor, I wish you would, and say doctor, you know the worst of it is, she is soon to be married." The doctor replied, "Well, then, I can do nothing for her." Jack said, "Why not Doctor?" The doctor then said, "Well, if marrying won't open her eyes, nothing else will." Try the large Jumbo Peanuts at Tutt's Market. If they don't open your eyes as to quality, nothing will. 213-1p

A Public Utility Must Carry On

MANY INDUSTRIES, if confronted with a condition similar to that encountered by this company in Virginia—an actual loss from its operations—would shut up shop until more favorable times returned.

BUT WE CANNOT DO THIS. The Bell System has undertaken an obligation to provide a nation-wide, a universal service. As a part of this undertaking, this Company has accepted an obligation to serve the State of Virginia.

WE HAVE OBLIGATED OURSELVES to serve the villages as well as the cities; to link every community with every other community; to bring the isolated rural home in touch with the activities of the cities and towns. How well we have succeeded is shown by the 125,000 telephones which embrace the Bell System in Virginia.

EVERY COMMUNITY may not contribute its full share of the necessary revenues. But to fail to serve the small villages and rural communities would deprive them of communication with the outside world. And it would deprive those in the towns of the privilege of communicating with them.

IN AN EFFORT SUCH AS THIS, affecting the comfort, the safety and convenience of the entire people, we cannot neglect our obligation.

WE ARE ANXIOUS not to neglect it—and all we ask is that the public give us its support to enable us To Carry On, to serve the public adequately and to earn a reasonable return for our investors.

Mexican General Warns Leaders U. S. Will Act Unless Conditions Improve

Washington, Sept. 6.— Warning Mexicans that intervention by the United State is imminent, General Salvador Alvarado, one of the leaders in the Carranza movement throughout its course, has addressed an open letted to Carranza himself and Generals Obregon and Gonzales in which he arraigns conditions in Mexico in scathing fashion.

Alvarado, who attracted attention of all the Pan_Americas for his administration in Yucatan, estimates that the present daily death list in the scattered fighting between Federal troops and rebels is one hundred a day.

In Mexico City alone, he says, 8000 children die each year for want of proper food, clothing and shelter.

Alvarada, after trying to make the radical theories of the new Mexican Constitution work in actual practice, declares the system must be changed.

He declares Mexico has passed from one extreme of an irresponsible, obstructionist Congress to the other—a despotic, corrupting and ultra-personal presidential regime, without responsibility or legal restraint.

He excoriates the administration of justice, charging that justice is sold to the highest bidder.

The horse comes from the stock farm of John Kennedy, near Saaunton, Va., and was purchased on the recommendation of Col. Dan Porter, of Philadelphia. Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritated, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The luck of phosphates is the cause of all enemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 200 per cent in a few weeks time in many instances. A RESOLUTION proposing amendment to section 117 of article 8 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution), provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

Walkout by Firemen Hits Employes of a Fifty Story New York Building

New York, Spt. 6.—The 10,000 tenants and employes of the fifty story Metropolitan Life Building, second highest office building in the world, heaved 10,000 sighs that nearly blew the roof off the building yesterday when they made the customary rush for the elevators—and were informed the lifts were not running, the firemen having gone on strike.

"It's a fine thing to be in an office fifty stories above the street, when nothing happens," said a stenographed as she started her long, weary climb. "But it's a poor place to work when one has to hoof it up the stairs."

The firemen, who get a day and their midday meal, want $5.

From thirty minues to an hour was required by most of the upward toilers to walk to the fiftieth story, and the stairs and hallways were specked by many who, wearied by the climb, had fallen by the wayside.

Information of Priceless Value to Every Alexandria Citizen

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Alexandria citizen who used them and who publicly tells of the benefit derived?

Guy Pettit, railroad engineer, 114 Commerce St., Alexandria, says: "I have used Doan's Kidney Pills off and on for a number of years and they have done me so much good I wouldn't be without them. I usually carry a box of Doan's with me because my kidneys are apt to get out of order. This is from the jarring of the engine. However I only have to use a few of Doan's Kidney Pills and I am not bothered any more."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pettit had. Foster-Milburn Co. Mfgrs., Buffalo, N. Y.

WOMAN, 84, HANGS HERSELF

Daughter Goes to Awake Mother, Finding her Body; Fifth Topton Suicide

Reading, Pa., Sept. 6.—Mrs. Fiens, widow of Frederick Epler, aged 84 years, ended her life by hanging herself at her residence at Topton yesterday. Her daughter noticed that she was late getting up from her customary nap after dinner and when she went to her room found the body of her mother hanging from the bedroom door.

The aged woman had been suffering with cancer of the head for the past eighteen months. Her husband died four years ago. This is the fifth suicide that has taken place in Topton within fourteen months.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-efects, it has won the praise of thousands of people who have used it.

Sergeant Donnelly, With Squad Of Six, Surrounded Chateau

New York, Sept. 6.— One lieutenant-colonel 12 other officers and 250 snipers of the German army cried "Kamerad!" to Sergt. Bill Donnelly, a Fighting Irish member of Company B. Eighteenth Infantry, during the second battle of the Marne, and thereby placed Sergeant "Bill" up in the second class with Sergt. Alvin C. York of Pall Mall, Tenn., champion hero of the world war, it was announced here last night.

York, who in peace time had been second elder in the Church of Christ and Christian Union in the little Tennessee village on the winding Wolf river, killed more than 20 Germans put 5 machine gun nests out of business, and took prisoner 132 of the enemy, including a major.

Donnelly, according to his official record, with a squad of six men, "surrounded" a chateau in which Gerthem to their "bomb-proof" and then loudly called for grenades with which to blow them up.

The result was that all surrendered filed out and marched back to the First Division lines under Donnelly's direction, and won Sergeant "Bill," the French military medal, highest war decoration of France and recommendation for the Congressional medal of honor, the highest military award of the United States.

THEATRES

RICHMOND THEATRE

"Eye for Eye," starring the superb Nazimova, will be shown at the Richmond Theatre tonight. The picture has been taken from the play "L'Occident," written by the noted Belgian dramatist, Henri Kistemaecker, and adapted for the screen by June Mathis and Albert Capellani.

The story is a thrilling one of Oriental love and hate—depicting the two strongest motives in these fiery and passionate people of the East, wheer a human life means nothing in comparison with a traditional inheritance.

Hassoun, the beautiful Arabian girl, born and bred in the desert, falls in love with a French Naval officer whom she helps to escape from her tribe who intned to kill him. This brings the wrath of her people directly on the head of the girl and she is left to die in the blazing desert. The story is one of passionate hate and passionate love, and is more entrancing than any tale ever told. Be sure and see this wonderful actress in this tremendous production.

INGOMAR THEATRE

At the Ingomar tonight the Two-Gun Girl will be seen in a real rough and western story "The She Wolf."

A Paramount-Mack Sennett will also be shown.

GRAND THEATRE

Tom Mix was discovered for the photo drama by the recently deceased Otis (Daddy) Turner, former director for George Walsh. At the time Turner was making a picture in a certain town in Texs, and one of the scenes called for an unusually difficult cowboy stunt on the part of a minor charcter. One after another, a number of the company's crack riders essayed the stunt, with out success, and the director was about to abandon it in despair when a tall, powerful looking stranger smiling offered his services. In a flash the difficult feat had been enacted and photographed. The stranger was Tom Mix, and Daddy ner immediately offered him a position with his company.

Today Tom Mix is one of the leading film actors in the country. His latest picture, "Fame and Fortune," is being shown at the Grand Theatre. Also Mutt-Jeff in "Pussy Cafe."

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
